

Teacher Application for Code.org's Exploring Computer Science (ECS) Professional Learning Program

Pick your district

Will you be teaching Exploring Computer Science during the 2016-2017 school year?

Yes

No

Don't know

Please review the [Exploring Computer Science \(ECS\) Professional Learning Program](#) before answering the following question.

Are you committed to participating in the entire Exploring Computer Science (ECS) professional learning program?

Yes

No

In order to participate you must be from a partner district, teaching ECS in the 16-17 school year, and committed to fully participating in Code.org's ECS Professional Learning Program.

If you are able to make those commitments, go back and change your answers.

School Information

School Name (Please provide the full, official name of your school)

Please look up your school's NCES code at: <https://nces.ed.gov/ccd/schoolsearch/>. You do not need to fill out all of the fields in the search, simply putting in your zip code will give all the schools in that area.

Once you get to your results, find the NCES School ID (see picture below).

School Information	District Search	Data Notes/Grant IDs	Help
<p>School Name: <input type="text"/></p> <p>NCES School ID: <input type="text"/></p> <p>Street Address: <input type="text"/></p> <p>City: (Browse) <input type="text"/></p> <p>State: <input type="text" value="- Any State -"/></p> <p>Zip Code: <input type="text"/> Distance: <input type="text" value="~"/> <input type="text" value="Miles from Zip"/></p> <p>County of District: (Browse) <input type="text"/></p> <p>Phone #: <input type="text"/> - <input type="text"/></p> <p>District Name: <input type="text"/></p> <p>NCES District ID: <input type="text"/></p>		<p>SEARCH TIP: If you are having difficulty finding your school, try only entering the city, state, and/or a key word in the name.</p> <p>Search Clear</p>

In 16-17 I will be teaching Exploring Computer Science as a: (select one)

Year long course (~180 contact hours)

Semester long course, not a block schedule (~90 contact hours)

Don't Know

What course name will you use for Exploring Computer Science?

Exploring Computer Science

To which grades do you plan to teach Exploring Computer Science (check all that apply)

K-5

6

7

8

9

10

11

12

Prior to answering the following question, please review the [Exploring Computer Science Summer Workshop Dates](#).

I will attend the in-person week long summer workshop for Exploring Computer Science.

Yes

No

I can't make it but would like to attend another location if space is available.

I will attend four (4) one-day, in-person, school year workshops for Exploring Computer Science hosted in my region, dates to be determined.

Yes

No

All students should have the opportunity to learn computer science in school

Strongly Disagree

Disagree

Agree

Strongly Agree

All students can learn computer science

Strongly Disagree
